### ★ COURSE OVERVIEW

Accountancy & Finance is the language of business and those who do not understand it are significantly disadvantaged. In reality business finance has a few key concepts wrapped up in layers of unfamiliar technical jargon. For those unfamiliar with this jargon the whole world of finance can be incredibly daunting, but actually the basics can be easily mastered with a bit of guidance. So if you haven't yet been trained to prepare a budget, read and analyse financial statements, prepare project feasibility studies, manage costs etc. then this course is for you. To assist people in understanding the world of finance, AstroTech offers a training programme on "Finance for Non-Financial Managers". The course covers the following key topics:

- Understanding the role and purpose of finance and accounting in modern business and in everyday life
  - Understanding the related jargon and technical terms
  - Understanding the critical importance of successfully managing cash flow
  - Sources of funding including shares, loans and debentures, and the related costs
  - Budgeting, including zero-based budgeting and cash flow budgeting
  - Capital project evaluations
  - The role and terminology of product costing
  - Financial statements including trial balance, income statement, balance sheet and cash flow statement
  - Key financial ratios and how to interpret them
  - Protecting against fraud
- ...AND MUCH MORE!
